Certificate of Experience

20 June 2025

This is to certify that **Shivansh Mahajan** has successfully completed their 2-month internship as an **AI Software Development Intern** at **Stremly** from **14th April to 14th June 2025**.

During this period, he demonstrated strong technical acumen and a proactive approach in contributing to the development of AI-driven systems and automation agents. **Shivansh** was involved in key projects including:

- Designing and implementing components for AI agent workflows.

- Working with large language models (LLMs), vector stores, and prompt engineering.

- Integrating automation flows involving browser and system-level interactions.

- Collaborating with senior engineers on debugging, deployment, and system architecture.

His ability to learn quickly, adapt to dynamic requirements, and contribute meaningfully to real-world AI applications has been commendable.

We thank **Shivansh** for his contributions and wish him all the best in his future endeavors.
